L&M Imaging Systems – Automation & Wet Process Equipment

Löbau, Germany – L&M Imaging Systems announced as the exclusive UK dealers for AWP Group's automation products and wet processing systems for the PCB and PCM industries.

According to Tim Clough, Managing Director of L&M Imaging, "AWP provides L&M Imaging with additional product lines to offer our customers in the PCB & PCM markets. Having visited their factory last week, I was very impressed with the innovation and build quality of both the automation products and wet process lines. With installations at demanding customers such as AT&S, Whelen, Würth and Multek they are clearly outstanding in their field."

Henk Van der Meij "We chose L&M Imaging to represent us in the UK for their commitment to customer service. Having initially approached us regarding a specific project, we can see a great future working together with L&M Imaging in the UK."

About L&M Imaging Systems

L&M Imaging Systems Ltd. is a leading supplier of imaging technologies, service and supplies for the graphic and industrial applications. L&M Imaging can trace its history back 125 years to the Linotype & Machinery Company based in Altrincham, Cheshire. The Imaging Systems division became an independent limited company in 1991.

Over the last 25 years L&M Imaging have successfully applied a broad range of optical, imaging, laser, and digital-electronic technologies to meet the business needs of its customers. L&M Imaging is dedicated to maintaining the highest standards of service and support to its UK and international customers. www.lmimaging.co.uk
