

# **NEW** Amsky T832 from L&M Imaging

## Thermal 8-up CtP from £34,995

Why buy used, when you can have **NEW?**

**Manual thermal laser CtP with 32 lasers**

**Process-less using KODAK SONORA XP plates**

**2400 dpi 1-99% dot range at 200 lpi**

**Full daylight operation**

Model	T832	T848	T864
Exposing Method	External Drum		
Imaging System	32 – channels	48 – channels	4864 – channels
	Discrete 830nm laser diodes		
Output Speed	16 plates/hour	22 plates/hour	28 plates/hour
	1030 x 800mm 2400dpi		
Plate Size	Maximum 1130 x 920mm, Minimum 400 x 300mm		
Plate Thickness	0.15 – 0.3mm		
Exposure size	1130 x 906mm		
Resolution	2400dpi		
Repeatability	>10um over four consecutive plates		
Interface	USB2.0 or USB3.0		
Plate Loading	Manual loading and unloading		
Net weight	900Kg		
Device size	2,320 x 1,080 x 960mm (W x D x H)		
Power requirement	Single phase 240 volts 16A supply		
Environment	15 – 30C Humidity <70%		

Finance packages available on request.

## **KODAK SONORA XP**

PROCESS FREE PLATES FROM L&M IMAGING SYSTEMS

# Where profits and print quality are sustainable

### **Do what's right for the environment ... and for your business**

You no longer have to make a choice between the environment and profitability when selecting a plate. KODAK SONORA XP Process Free Plates eliminate processing and chemistry from plate making, and they deliver the quality, productivity, and print capabilities your business needs to be successful.

### **Free yourself from processors and chemistry forever**

Imagine removing the burdens of maintaining and running a processor while achieving better process control from eliminating all processing variables. SONORA XP Plates use Kodak's press ready technology to make process free plate making a reality. Just image, mount, and print.

### **Enhance your productivity through streamlined plate making**

Shorten plate making cycles by streamlining your production. With SONORA XP Plates, fast imaging speeds combined with the additional time and consistency gained from not processing plates deliver the enhanced productivity you need to increase efficiency and reduce the risk of press downtime.

### **Free to be more sustainable**

Whether your goal is to be compliant or to position yourself as an environmental leader, KODAK SONORA XP Plates can help both in prepress and in the pressroom. SONORA XP Plates not only enable you to remove chemistry, water, energy and waste from plate making, they reduce waste and downtime in the pressroom because fewer plate remakes are needed due to plate processing variability.

### **Free to be the printer you want to be**

SONORA XP Plates deliver both reductions in operating costs and environmental impact while letting you differentiate your print. With mainstream productivity, quality and run length capability, the only things you have to lose with SONORA XP plates are your processor and chemistry.

### **Example Pricing**

£6.75/ square metre  
1030mm x 790mm x 0.3mm £5.49/plate
